MAINTENANCE PERIOD

& BUILDING WARRANTIES

At Que Homes, we use trusted materials, skilled tradespeople, and proven systems to build homes we proudly stand behind.

Every Que Home comes with a 1-year defect remedy period and a 10-year structural warranty in accordance with the Building Act.

Upon settlement, you'll receive a pack detailing product warranties and maintenance information. All products are also covered under the Consumer Guarantees Act.

Noticed a defect?

Contact us using the details in your warranty pack, and we'll address any issues to ensure your home meets our high standards. For product-specific concerns, you can also contact the suppliers directly.

Is a Master Build Guarantee included?

A Master Build Guarantee is designed for new build contracts where progress payments are required. Since these homes are fully completed turnkey homes, these guarantees are not applicable. However, the benefits they offer, like a 10-year structural warranty, are already covered through the Building Act and manufacturer warranties.

If you'd like to learn more, feel free to reach out—we're here to help.
